1. Opening of the meeting
   
The meeting was opened by the President, Mr. FINNILÄ, who welcomed the Council members and a newly appointed Council member from Malta, Mr. MARLIN.

2. Appointment of scrutineers
   
Ms. FLOREA (RO) and Mr. LAGET (FR) were appointed scrutineers.

3. Adoption of the Revised Draft Agenda
   
The revised draft agenda epi 137/08 Rev.1 was adopted.

4. Approval of the Minutes, List of Decisions/Actions of the 65th Council Meeting
   
It was agreed that decision 8 of the minutes relating to the motion by Mr. LEYDER was to be taken in the afternoon.

   The Minutes, list of decisions and actions (epi 137/08 Rev.1, epi 2/09, epi 3/09) of the 65th Council meeting in Vilnius were adopted.

5. Matters arising from the Minutes of the last Council Meeting
   
With reference to decision 5c of the minutes of the 65th Council meeting, President FINNILÄ reported that the Chairman of the Litigation Committee had been asked to review the position paper on the draft Agreement on the European Union Patent Court according to the decisions taken at that meeting.

   It was noticed later on that the requested amendment under decision 5c, namely that the obligation to grant an injunction will not be demanded, had not been made. Said error most likely occurred due to multiple solicitations of the Chairman of the Litigation Committee when taking the notes of the decision and, at the 79th Board meeting, the Board decided that a letter correctly reporting Decision 5c of the 65th Council Meeting will be sent to the addressees of the previous letter containing the erroneous statement. The letter will be prepared by the President.
6. **Treasurer's report**

The Treasurer, Mr. QUINTELIER, presented his report (epi 11/09). He stated that Council expenses were within budget and that Committee expenses were over budget. The Committee chairs were invited to make endeavours for achieving a more efficient working and keep the costs under control. Mr. HAMMER JENSEN objected that many committees had significantly increased in size and that every member state had a right to be represented.

Mr. QUINTELIER said that the committees are not the right place for educating members. Mr. LYNDON-STANFORD deemed the expenses of the EPPC justified and reported that his attempt to start a discussion of the Litigation Committee through the extranet had not been a success. He added that even if not all attendees of the Litigation Committee or of the EPPC meetings participate directly in the discussions, they take back the information to their constituencies. If the number of committee members were to be reduced, how should it be handled between the countries?

Mr. ROSENICH stressed that it would not be possible to reduce the number of Disciplinary Committee members since more members are needed due to an increase in the number of cases. President FINNILÄ said that considering an average of two meetings per year per committee, committee meetings make 25% of the epi budget. The issue was discussed by the Board at its last meeting and will be on the agenda of the next Board meeting in September. Committees should try to reduce costs. If they have to be subsidized, the membership fee will have to be raised.

7. **Report of epi Finances Committee**

The Chairman of the epi Finances Committee, Mr. PAWLOY, presented his report (epi 27/09) stating that the epi Finances Committee is in favour of holding Council meetings on one day. Extra costs for a relocation of the epi Secretariat have been provided for.

The report was noted.

8. **Report of Internal Auditors**

As none of the internal auditors could be present at the Council meeting, the report was presented by the Secretary General. The internal Auditors had a meeting on 5 March 2009. This meeting was also attended by the Treasurer, Mr. QUINTELIER, Mr. ZÉRAFA from the Secretariat, and Mr. FORSTPOINTNER, external auditor from the office ZITZELSBERGER. The Auditors reviewed the audited accounts for 2008 which were found satisfactory.

Council noted the report.

9. **Decision on release of members of the Board, particularly the Treasurer from liability**

**Decision 1** A clear majority released the members of the Board, in particular the Treasurer, from liability for the year 2008.

10. **-11. Election of Board members**

**Decision 2** Mr Dana Stewart MARLIN was elected unanimously as the Board member for Malta.

6.10.2009
12. **Election of Committee members**

**Decision 3** The following epi members were unanimously elected as Committee members:

- Biotechnological Inventions: Mr Alexander BJØRNÅ (NO)(full member)
- Professional Conduct: Mr Gunnar ØSTENSEN (NO)(substitute member)
- European Patent Practice: Mr Luigi SANSONE (MT) and Mr Dana MARLIN (MT) (both full members)
- Litigation: Mr Dana MARLIN (MT) (full member) and Mr Luigi SANSONE (MT) (substitute member)

Mr. CASALONGA pointed out that the election of additional members to the committees was in contradiction with the previous discussion about the costs of Committees. President FINNILÄ replied that for the time being the rules have to be observed. It will be rational to come up with proposals and decisions for the 67th Council meeting in connection with the budget 2010.

13. **Presidium**

a) **President’s activities and actions 2008-2009 (epi 26/09)**

President FINNILÄ presented his report of activities (epi 26/09) covering the time period between 1st December 2008 and the present Council meeting.

He reported on the EU Council Patent working group and the meeting with the European Commission on 13 February 2009 where Article 28 of the current draft on Representation and the EU Litigation Certificate were discussed.

He attended a conference on “IP Rights Protection in Europe” in Prague on 22 May 2009 where he made a presentation of the epi to the EU Member States.

Referring to situations where points of view between national delegations and epi are conflicting, President FINNILÄ asked Council members to refrain on personal views when speaking in the name of epi. The Board will prepare a letter on representation issues which will enable Council members to approach their national delegations. Mr. LYNDON-STANFORD felt that there should be a strong majority for an epi’s view.

b) **Secretary General’s report**

The Secretary General, Mr. MAUÉ presented his report (epi 29/09).

There are no Council Members yet from the Former Yugoslav Republic of Macedonia (MK).

Important meeting dates to be taken into account for organizing the Board and Council meetings in 2010 should be communicated to the Secretary General by end of May 2009.

Council raised the question whether Council meetings should be maintained on Saturdays and insisted on being consulted on this issue. An informal vote was taken: There were 58 votes in favour of holding the meeting on a Saturday, 33 in favour of another weekday, and 10 abstentions. In order to give also the absentees a possibility to voice their view, a consultation via the Extranet will take place.

The report was noted.
14. Discussion on deferred examination; possible options

Two presentations by Mr. KOCH, Principal Director ad interim, International Legal Affairs and Patent Law, EPO were scheduled for the meeting. The first presentation was on Deferred Examination of European patent applications. There exists a proposal from the delegations of DE, DK and NL to the AC. A paper has yet to appear from the AC for discussion by interested parties. Further news from the AC is awaited.

It had been decided at the beginning of the meeting that the presentation by Mr. KOCH would not lead to any decision by Council. Following a discussion after the presentation, and in order to give Mr. LEYDER some guidance in view of the forthcoming meeting of SACEPO Working Party Rules on 5th June, 2009, Council agreed upon taking a straw poll. It showed that a short majority of Council members was against some kind of deferred examination (40 against, 38 in favour, 13 abstentions).

15. Discussion on fee reform and sustainable financing of the European patent system

The second presentation by Mr. KOCH was on fee reform. Again, the AC will, Council was informed, produce a fees’ paper for discussion. It seems that the current view in the AC is that delegations of Member States are against any overall increase in fees, as well as a change of the distribution key, but the fee structure could be re-examined. The epi’s EPO Finance Committee will continue to monitor this topic.

16. Present educational projects and discussion on proposals for future projects

The Director of Education, Mr. HANNEMAN presented the current educational projects and programmes, including epi tutorials and Mock EQEs, the “Train the Trainers” seminar as well as CPE seminars. He also introduced to Council the various working groups entrusted with the task inter alia of producing a number of training tools for the preparation of candidates for the EQE.

Mr. HANNEMAN said that epi tutorials are intended for epi students and added that epi students are charged only half rate for their admission in seminars.

In the debate that followed, recommendations and proposals were made such as:

- not duplicate what the European Academy of the EPO or other bodies are doing;
- widen the topics, for example portfolio management, cross-licensing, mock hearings, procedural aspects, litigation, claim drafting;
- increase the collaboration with CEIPi (Mr. GURRY will be appointed new President at the next CEIPi Council meeting in June 2009);
- Organize a pool of persons specialized in issues.

Mr. HANNEMAN then turned to continuous professional education. A mandatory educational system exists already in DE, UK, NL. The question was raised whether an obligation for education and training should be put on all countries. There were differing views in Council on this issue.

The proposal that PQC members organize at least one epi-seminar in their own country within their three-year term was not felt valuable for countries like DE or UK but also CY. It was suggested that the collaboration with national associations should be intensified.
Concerning the information on educational events, it was recommended to put the information on the epi website and to e-mail the relevant groups of persons.

A paper on continuous education to be prepared for the next Council meeting was regarded useful by the Council.

Action: Henk HANNEMAN

17. Papers for decision

a) By-Laws Committee Report

The report epi 24/09 was considered.

- Annex 1: The amended wording of Art. 3.2 of the Rules for Election of Council was not approved. It should be reviewed by the By-Laws Committee and presented to Council at its next meeting.

- Annex 2: The entering of the text of epi 51/08 (64C Report of By-Laws Committee) into the Collection of decisions was approved.

- Annex 3: The amended terms of reference of the Committee for European Patent Practice were not approved as the French version needs to be improved. They will be presented again to Council at the next meeting.

Decision 4 The amended wording of Art. 3.2 of the Rules for Election of Council and of the Terms of Reference of the EPPC were not approved; the By-Laws Committee is asked to prepare improved versions for the next Council meeting.

b) By-Laws motion (epi 25/09)

Following the motions presented by Mr. LEYDER at the 65th Council meeting, the By-Laws committee recommended to adopt amended Article 15.3 of the By-Laws.

Decision 5 The amended version of Art. 15.3 of the By-Laws was not approved; the By-Laws Committee is asked to prepare an improved version for the next Council meeting.

c) Relaunch of the website

Mr. HOLZER presented for the Editorial Committee the request for a relaunch of the website (epi 30/09) and drew Council’s attention to the fact that the work had to be done in one stage. A cost estimate had been provided by the company Datenwerk. Council approved by a clear majority. The costs should not exceed 14,000 EUR.

Decision 6 A large majority approved the proposed offer by the Datenwerk company for a relaunch of the epi website whereby the cost must not exceed 14kEUR.

18. Papers for opinion: None

19. Any other business: None
20. **Review of decisions, actions to be taken of present meeting**

   Secretary General MAUÉ enumerated the various decisions taken at the present Council meeting. No further comments were received. This list of decisions will be circulated by e-mail to Council members.

21. **Closing of the meeting**

   President FINNILÄ closed the meeting at 6 pm, thanking all participants for their active participation.

Paul Georg Maué
